

OPERATION WET AND WILD

1. Situation.

The Class of 2020 matriculated on 13 Aug and completes Challenge Week on 21 Aug. The weather forecast for 21 Aug is:

Hi temp: 94
Low temp: 80
Precip: 30%
Humidity: 64%
Partly sunny, stray thunderstorm possible

2. Mission.

From 1200-1800 on 21 Aug 2016, the Class of 2020 conducts a “Water Park Day” at Charleston County Park’s (CCP) Whirlin’ Waters water park under the supervision of CA staff, CA Officers (CAO) and HA Officers/NCOs (HAO) in order to celebrate the end of Challenge Week.

3. Execution.

a. Commander’s Intent. The desired end state is a knob class that is collectively and individually proud of having completed Challenge Week and is ready to transition to corps reconstitution. In order to achieve that end state the Cadet Activities and Human Affairs cadets will create a largely unstructured and relaxed atmosphere in which knobs can celebrate what they have accomplished and “get psyched” for what lies ahead.

b. Concept of the Operations. The concept is to provide the knobs a relaxing atmosphere with various entertainment options and allow them to enjoy it in their own ways. Phase 1 is preparation and runs from 19 Aug until 1200 on 21 Aug. Phase 2 is out-bound movement and runs from 1200 to 1300. Phase 3 is park operations and runs from 1300 to 1700. Phase 4 is return movement and runs from 1700-1800.

c. Scheme of Maneuver.

1) Phase 1: The Director of Cadet Activities will train all CA and HA cadets on their duties, conduct a recon of the site and a rehearsal of the event, and coordinate for all administrative and logistical support. The CA advanced party will deploy to the site and conduct advanced party operations. Buses will stage for departure under the control of the Assistant Commandant for Leadership Programs, RCANCO, and Regimental Ops. Company HATs will prepare knobs for departure.

2) Phase 2: Company HATs march knobs to bus staging area along Jones Ave and the Regimental CA NCO will direct loading them on the busses. Busses will convoy to the park under the control of the Assistant Commandant for Leadership Programs and Cadet Activities staff and cadets. Each bus will have a HAT member designated as the bus CIC.

3) Phase 3: Bus CIC will give the knobs the safety briefing and site orientation found at Annex A in the vicinity of the dismount point. Each company will establish a company assembly marked by their guidon and enjoy the park at their own discretion. CA and HA cadets will circulate to ensure smooth operations. Chow ops will begin at 1530. Each company will conduct a police call of their assembly area before loading the busses.

4) Phase 4: Cadets will load back on the busses and return to campus under the control of the Assistant Commandant for Leadership Programs and Cadet Activities staff and cadets. Upon arrival on

campus, busses will offload vicinity the soccer field and HATs will move their company back to the barracks and conduct the next activity on the training schedule (personal hygiene/movement to the chapel for the music program).

d. Tasks to Subordinate Units

1) Director, Cadet Activities.

- a) Overall responsible for the event.
- b) Coordinate for HAT support with Director, CARE (Ms Shealy).

- 3) A talk-through rehearsal will be led by the Director, Cadet Activities at 1300 on 18 Aug in the Greater Issues Room.
- 4) Time Schedule
 - 19 Aug NLT 1530 RCAO reports to Motor Pool Dispatcher with driver's license to sign for van for advance party
 - 21 Aug NLT 0700 Regt Provost ensures Jones Ave is cleared of vehicles and blocked off by Public Safety
 - 1000 RCAO reports to Motor Pool to pick up van and then the advanced party loads van and picks up box lunches from Mess Hall
 - NLT 1030 Advanced Party and Director, Cadet Activities depart for park and begin advance party operations
 - 1130 RCANCO assumes position at bus staging area and establishes liaison with Regt Ops
 - 1200 Knobs report to bus staging area and begin loading. They depart on order of RCANCO once 100% accountability has been established.
 - ~1300 Busses arrive at park. Bus CICs conduct safety briefing and site orientation (see Annex B). HAs lead knobs to company assembly areas and begin park operations

1530 HAs will lead their individual companies through the chow line. There will be three rows of tables with serving lines on both sides which means six companies can go through in waves. As soon as the line in front reduces to about ten cadets, the next company will move up into the line:

Wave 1	Echo	Hotel	Charlie	Fox	Kilo	Tango
Wave 2	Victor	Golf	Sierra	Romeo	Mike	Band
Wave 3	Delta	PB	Oscar	Lima	Bravo	Papa
Wave 4	½ November	½ November	½ India	½ India	½ Alpha	½ Alpha

1655 RCANCO conducts accountability formation at bus staging area
 1700 Load busses and depart once 100% accountability is achieved. Assistant Commandant for Leadership Programs reports departure to Commandant. Advanced party conducts clearing operations until mission complete and returns directly to campus, unloads the van, and returns it to the Motor Pool. Director, Cadet Activities reports when this mission is complete to the Assistant Commandant for Leadership Programs.
 ~1800 Busses arrive back on campus, knobs off load, RCANCO releases knobs to company to continue scheduled training per the training schedule. RCANCO reports when this mission is complete to the Director, Cadet Activities and the Assistant Commandant for Leadership Programs. Assistant Commandant for Leadership Programs reports arrival to Commandant.
